STILTON PARISH COUNCIL

SEPTEMBER

Apreece Way works

The Apreece Way Wildflower garden now has a bench to rest and relax on.

We have also had the creepers and briars at the bottom of the garden removed and the ditch that runs along the bottom of the site has also had a major cut back too. This is as part of the CCC (Cambridgeshire County Council) Watercourse grant awarded last year to help water flow effectively through the village. The rain is coming and we are ready!

Big Changes at Barn Close Play Area

COMMUNITY FUND

What a difference a few weeks makes ... the play area is looking dazzling with all new equipment for the Under 6s and has a snazzy new seating area too. We are almost there for the grand opening and hope with milder conditions and some much needed rainfall, the grass will grow quickly. Once this happens, the play area will be ready for use. It will be worth the wait.

Autumn Newsletter 2026

Our Autumn newsletter will be with you soon with lots of village information to be found. All newsletters are also on our website **www.stiltonparishcouncil.gov.uk** where you can also find out how to book the Pavilion, report any issues (look for the big red button on the top right) or obtain further details on everything from burial provision, to who your current councillors are.

Anti-social behaviour

Unfortunately this last month we have seen an increase in anti-social behaviour at the Pavilion and around the Community Field which not only costs the Parish Council time and funds to fix but also presents safety issues for children and adults using our village facilities.

Recent activity, whereby the picnic tables were pulled out of the ground and flipped over, have been caught on our CCTV and reported to the Police. The CCTV covers the whole of the Pavilion, Skate Park, Community Field and access road. This is monitored live 24 hours a day, 7 days a week by Huntingdonshire District Council.

At our August meeting we decided to:

Put a new bin process in place at the Pavilion. Instead of putting everything in general waste we will be recycling, and joining the rest of the village in collecting food waste separately. We must do this from 01/04/27 as part of Simpler Recycling but estimate it will also generate the village nearly £1,000 in extra Pavilion income every year too.

The carousel at the Pavilion Play Park has been taken out of action but we have works lined up to solve some maintenance issues that will finally get it spinning freely again. Apologies for it taking so long to be sorted.

Councillor Murtagh is a man on a mission to get Stilton's Neighbourhood Plan finished. This should help control development in the village and bring in extra funds through increased CIL payments. The Neighbourhood Plan Working Group will be invited to a meeting shortly where the road map to completion will be unveiled.
**** Extra members are very welcome - if you'd like to help, please get in touch ****

Ask for the Huntingdonshire District Council bin that used to be found at the bottom of Caldecote Road to be replaced after its recent removal. HDC tell us this was due to it being little used and being a bin without a lid. Several residents let us know it was valued so we'll ask for a new bin to be installed.

HIRE THE PAVILION

Perfect for parties, weddings, children's birthdays or regular classes (sports, exercise, music, etc).
