STILTON PARISH COUNCIL

WHAT'S NEW?

- The refurbished 'Stilton' sign has been returned to Caldecote Road and is looking great! We're having a brand new North Street painted sign which should be in place by late summer.

- The Skate Park has been updated with LED heads on the lights. This is part of the Net Zero Villages grant awarded by Huntingdonshire District Council and will not only be more cost effective but also reduce our carbon footprint.

- There are now 3 green community bins for garden waste located in the Cemetery, Garden of Remembrance and New Churchyard. You are welcome to drop off any green waste and will find these are emptied fortnightly just like residents green bins.

- Dee Darnell has worked her magic again on the planters at the bottom of Caldecote Road and the Pavilion with a vibrant and colourful display. Thank you Dee for sharing your vision and taking the time to do this.

FARMER'S MARKET - PAVILION - SATURDAY 19 JULY - 10AM TO 4PM
with Blackboard Events and Stilton Parish Council

In addition to a great selection of stalls such as fish, meats, plants, chocolate, honey and bakery items, there will be a bread man in July! We are working on finding a fruit and veg provider too.

The Community Cafe will spring into life as a new feature, refreshing residents and raising funds for local groups. The Church are hosting the July cafe ... so 'have a slurp to help the Church'

We'll have a Parish Council Saturday Surgery - find Sue, Paul and Olive in the garden luxuriating beneath the new PC gazebo ready to welcome you in, answer questions or listen to your comments.

At our June meeting ...

- We heard how 2 of our Working Groups are ramping up their activities. The Traffic and Parking and Neighbourhood Plan Working Groups will be grappling with issues to benefit the village. These groups are open to members of the public so please join up as they steam ahead.

We decided to ...

- Upgrade the loo experience at the Pavilion - new seats are on their way!

- Apply for Planning Permission for the new beacon. Cambridgeshire Country Council are happy in principle for us to site the beacon on Church Close near the War Memorial so we're getting structural plans drawn up and then the application will be submitted asap afterwards.

- Apply for a Local Council Award Scheme - we're going for Bronze (more details soon).
