STILTON
PARISH COUNCIL

Call for Urgent Action!

- **Did you know our village has SIX new sites, over 200 houses, being considered by Huntingdon District Council for inclusion in it's Local Plan update?**
- **Did you know the land either side of the approach road into the village is being considered for commercial development?**
- **Do you want more development in YOUR village?**
- **Do you want commercial development adjacent to YOUR village?**

We already had development with others already in the pipeline. Do WE need more?

- **Do WE want to lose our village identity and community cohesion?**

Losing green areas to housing causes environmental degradation

We already have: Flooding Issues. Parking problems, Road Safety concerns, an inadequate Bus Service and our local Health Centre is struggling with increased capacity.

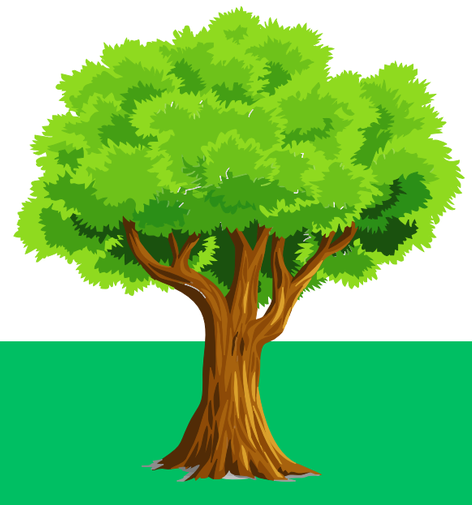

- **Alternatively, you may feel more growth would be beneficial, with starter homes for younger families, maybe improved services, more infrastructure and a boost to business.**

ACT NOW

Local Plan Engagement 2024

Huntingdonshire District Council are updating the Local Plan, which sets the vision and strategy for future developments in Huntingdonshire.

This is your chance to have a say on key issues like housing, climate change, infrastructure, and jobs. See below for the sites put forward for potential development in our area.

Provide your feedback on important planning documents that will guide our future.
